WASHINGTON, D. C., June 6 .- Sun day base ball was inaugurated in this vicinity to-day, by a game between the vicinity to-tay, by a game between the Clevelands, of the National League, and a picked nine. The contest occurred at Riverside Park, a resort about two miles below Alexandria, Va. It resulted in a victory for the league club, by a score of 12 to 1. The attendance was very small, only about 600 persons being present.

BASE BALL COMMENT.

The Wheelings were defeated by Springfield on Saturday because of their inability to hit Whittridge, who piched a magnificent game, allowing the Natiers to make only five hits. Jack Easten was hit hard by the Governors. Wheeling was lucky to bunch hits in the third and scared six runs, but the visitors soon tied the score and won out in the tenth.

This afternoon the Mansfields open This afternoon the Mansfields open a series on the Island grounds with the Wheelings, and it will be a struggle for eight place, with the fifth in sight if one team is able to take three straight. Arile Latham, the famous clown ball player, for whom Cinicinati paid \$7,000 only a few years ago, is playing first for the Mansfields and should prove a great drawing card. He was last seen here in the spring of '95, when Cincinnati played Barrows' team an exhibition game.

Wheeling has signed Sammy Vetters, one of the Springfield outfielders, and he should strengthen the locals in batting, where they have been so lamentably weak recently. Burnett, the Bethany pitcher, is to be given a trial this week.

A Wheeling Man Narrowly Escapes Be-ing Involved in a Bad Wreck.

Last night about 8 o'clock, Mr. and Mrs. C. E. VanKeuren and other friends Mrs. C. E. VanKeuren and other friends were driving up the river road on the other side of the Ohio, in a surrey. Just below West Wheeling, a car on the Bell-aire and Martin's Ferry line approached from the other direction. It was heavily loaded, being filled with passengers. Just about twenty feet separated the car and surrey, the car, which was on a sharp down grade, left the track, and started for the vehicle. With great presence of mind, Mr. VanKeuren turned his horse at a sharp angle across the car track, that appearing to be the only safe course, as the roadway was narrow and a steep hillside made escape impossible on the other side. Happly, Mr. VanKeuren escaped without much injury, a broken wheel being the extent, except that Mrs. VanKeuren sprained her ankle.

When the car left the track on the

The car went across the roadway into a ditch and landed against the steep hillside. opened up it received a black, eye for awhile on account of two or three dry holes, but these finally proved to be only freaks and since that time nothing but good wells have been drilled in, until now the production is estimated to be over 3,000 barrels a day from about ten wells.

There is a large amount of work being done out there and at the present time there are ten strings of tools running, and as soon as the rigs can be erected, there will be as many more. At present it looks very much as though the pool extended from Ells Fork to the wells on the Mayfield farm at Conoway, and that the intervening territory of about four miles will be opened up shortly. During the past week two wells were drilled out there, each of which started off at more than aix hundred barrels a day and on Tuesday two more wells are due and will probably reach the sand then.
